THE HAGUE CONFERENCE.

VIOLATION OF PRIVATE PROPERTY.
PROHIBITION OF DRIFTING MINES.

THE HAGUE, July 6. Sir E. Satow, on behalf of Great Britain, rejected the American proposal with regard to the violation of private property at sea on the ground that it tended to limit the right to blockade. What Great Britain thought necessary was to establish respect of the right of neutrals, hence her proposal regarding the abolition of contraband Germany is apparently the only Power opposing the prohibition of drifting mines. SPORT AND PLAY.

"BACCHANTE" AT PORT SAID.

During the visit of H.M.S. "Bacchante" to Port Said an "At Home" was given on the International Sports Club ground at Port Said by Mr. D.A. Cameron, H.B.M.'s Consul-General to Rear Admiral Sir H. Barry, K.C.V.O., and the officers of the ship. The Pavilion of the Club was crowded by all the well-known people of Port Said, all the Consular Services being present. A cricket match was played between Officers of the ship and the P.S.C.C. resulting in a win for the Club. During the match, an excellent tea was served provided by Mrs. Tweedie and other ladies of Port Said. The Admiral kindly lent the ship's band, whose playing was most enjoyable and much enjoyed the afternoon's enjoyment.

A dinner was given on board by the Admiral at which several of the Port Said residents were present. A tennis match was also played by the officers against Port Said Tennis Club, resulting in a win for Port Said. The following was the result:—

Dr. Hayward and Mr. Ingram beat Commanders Harper and Tweedie 6 to 4-6 to 3. Mr. Broatch and Mr. Howe beat Commanders Harper and Tweedie 5 to 1-6 to 3.

Dr. Hayward and Mr. Ingram beat Mr. King and Mr. H.W. Jackson, 6 to 2-6 to 1. Mr. Broatch and Mr. Howe beat Commanders Harper and Tweedie, 6 to 0-6 to 3.

On Monday afternoon, the Admiral and Officers gave a very enjoyable "At Home" on the ship, which was open for inspection and the band played an excellent selection of music. In the evening a smoking concert was given by the men at Navy House. On Tuesday another cricket match, played on the club ground, between officers and members of the P.S.C.C. lower deck, resulted in win for the lower deck, the men's bowling being very good. On Wednesday, the officers and lower deck and P.S.C.C. played the P. & O. S.S. "Molavia", twelve a side, the victory being won by the Club. In the evening, the officers and members of the club were entertained at dinner some of the players, and after dinner billiard and bridge matches were arranged. Port Said won at billiards, but was defeated at bridge. After a most enjoyable stay at Port Said, the ship left this morning at 8 a.m. to join the fleet.

BRITISH COTTON-GROWING ASSOCIATION.

The Duke of Marlborough on Wednesday week entertained Sir Alfred Jones and the Committee of the British Cotton-Growing Association to a banquet in the Constitution Club. Mr. Winston Churchill, M.P., proposing prosperity to the Association, said one weak spot in the magnificent cotton industry of this country was the danger of a corner in the raw material by improper speculation in American markets. Our safeguard lay in broadening and multiplying the areas of cotton supply, and Nigerian railways and other developments which would effect the security of the supply, would have every scrap of his influence. Sir Alfred Jones said Africa would soon send 41,000,000 sterling per annum to this country.

LIBERTY OF THE PRESS IN EGYPT.

The following letter appears in the "Standard":

Sir,—I have received a letter from a young Arab who is well known to me, and who is now working under the Government in Egypt. The following quotation may be of interest, especially as I can vouch for the honesty of purpose, the fidelity to England and English interest, and intelligence of the writer:—
"Do you hear about Egypt and the Arabic papers? Many of them speak rapidly against the English and the Army of Occupation. The one thing that has spoiled Egypt is the freedom of the Press; they should not have been allowed so much of it. I notice from the Egyptians here that they dislike the English, but when they stand in the presence of an Englishman they curl their tails like dogs, and use the word 'sir' very frequently. But when they gather together in a public place, every one speaks out, and displays his impudence."
I am, Sir, your obedient servant.
ONE WHO HAS LIVED AMONG ARABS FOR MANY YEARS.

MOSQUES AND CHRISTIANS.

Constantinople has at present a little episode which may be said to present some analogy to the recent "Mikado" question in England. The Golden Horn also suffers under an unexpected interdict, and one that causes both irritation and disappointment to thousands of tourists. Hitherto Christians have been as free to roam the mosques as Moslems, whereas now the former are forbidden to enter. The reason for the interdict is almost as singular as that against "The Mikado" in England. There are susceptibilities in the case. Some time since the Sultan sent to the Yemen a mission to try to achieve by persuasion the pacification that arms have failed to secure. This mission has recently returned to Constantinople accompanied by a number of Sheikh of the Yemen, all of whom are Moslems who pray in the mosques daily, and who have never seen a Christian in their lives. To meet one, and especially a woman, in the very sanctuary of Islam, would destroy their allegiance to the Commander of the Faithful. And as everything is to be done to conciliate their fanaticism, no Christians must be seen in the mosques.

BRIGHT'S DISEASE AND DROPSY.

CURED 14 YEARS.

Miss A.M. Sheehana, living at 130, Cambridge Road, Kilburn, London, writes:—"I wish I could tell you how thankful I am for the good Doan's Backache Kidney Pills have done me. They have saved my life. Before I began using them, the doctor said I could live another three months, but that was a year and a quarter ago, and I'm as well today as ever I was in my life."

"Before using Doan's Pills I was suffering from Bright's disease and dropsy. My body was so swollen that I couldn't get my clothes or boots on; the pains in my back were fearfully agonizing, and I could hardly breathe. Though I went under hospital treatment, and had the best of medical advice, I kept getting worse and worse until I began with Doan's Pills. I cannot speak too highly of this medicine, for it did me good from the first, and although it was a year and a quarter ago that I was cured, I am now in the most splendid health. Women who suffer from pain or dizzy spells in the back, pains or sides, from diarrhoea, rheumatic twinges, urinary troubles, gravel, sciatica, flatulency, headaches—women who are nervous, irritable, moody—women who can't sleep, can't eat, can't sleep, and who seldom smile—are recommended to try Doan's Backache Kidney Pills; for Doan's Pills help the kidneys to purify the blood and drive out the dissolved or crystallized poisons that when kept back in the body by clogged kidneys—cause fatal kidney complaints such as dropsy, stricture, Bright's disease and death."

Doan's Backache Kidney Pills are for sale by all chemists and druggists at P.T. 13 per box, or P.T. 7 for 6 boxes; or they may be had direct from the general agent for Egypt, Max Fischer, Hotel du Nil Street, Moscow, Cairo.
